Hello Supt Earley

MTO enforcement is shifting some of their West Region enforcement officers to the Windsor TIS (21) and Sarnia TIS (8) to be available if required to support your operations. The MTO enforcement officers can assist with CMV inspections, towing, traffic control, road closure and other assigned duties. The MTO locations can provide staging if required. If you require MTO deployment just advise GHQ EOC and this can be provided. If you wish I can provide the MTO west region manager contact information to assist you and West Region EOC if resources required.

Thanks

Morning Everyone

As we are engaged on a number of fronts now, Insp Varga will be attending the EOC to coordinate impacts and information flow as the provincial mcic.

Can I please ask that the Strategic Supes notify me, Chuck or Joe as soon as possible of any impending positive action, change in crowd posture or significant change in resourcing needs so we can ensure we are all aware of events that may impact or stimulate the other areas. This way we can all be better prepared and eoc can ensure the best and most current info is available to all and POIB can better risk assess for resourcing.

Much appreciated

Hospital has decontamination showers ready (for tear gas or pepper spray)

Apparently College fire dept. is loaded with tactical and the armored vehicle. Provincial road is the command center. A load of regional police, opp and rcmp are here. The hospital is in a silent code orange. This will probably go down in the darkness of night with no media around.

I was just told that they are undercover in the crowd as well. Reach out to anyone you know that is there.

From my first responders group. Hospital has been notified for code orange tmrw

9:58 PM

I just left there they put huge cement barriers on all side streets covering all points of exit. The # of OPP has tripled on scene more within a 2 mile radius. A large empty bus is parked on college down by the human kinetics building.

9:58 PM

Without this tip I can tell you from my work experience that these are tactical procedures for only one purpose. That hwy is under Opp jurisdiction. The vehicle there now are tactical units not normal street cars take that boots on the ground Intel for what it clearly indicates prior to any tip.

posted a video lasting 3:43 to his FB Page. He advised that he observed three 'car carrier' transports on Highway 401 travelling west towards Windsor. All the transports had numerous OPP SUV's and vehicles on them. He advised things are getting serious and they are trying to get them into Windsor during the night hours. He feels a big battle is coming soon and acknowledged that the economy has suffered severely in the short time the Ambassador Bridge has been closed and knows there is pressure for the bridge to be open. This has not been corroborated by other social media users.

Good afternoon,

I've decided to make this event to see if we can garner interest in a counter protest on the weekend.

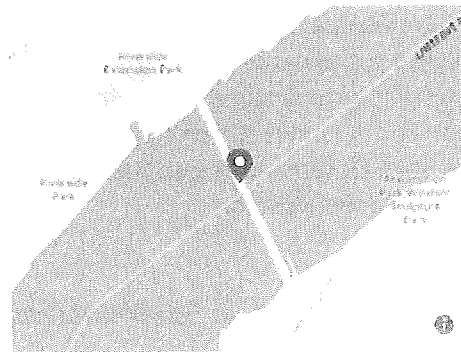

I was hoping that as Huron church is closed, we could walk down to across the road of college and just be loud, let these clowns know that we've had enough and would like this to end.

I would also like to stress, that we would be a peaceful protest, please don't bring anything to throw, but signs and loud voices are welcome.

If we get enough interest, I'll start to manufacture a spreadsheet of when we have people, as I know we have lives to attend to thru the day, but as long as we have bodies I have no problem keeping this going.

Cheers,

We will try to accommodate as best we can however we cannot guarantee that a member will get the specific shift requested.

Joining Instructions will be sent once names are received. Also, find attached the Deployment Information Sheet (DIS) for assigned members to complete. Please submit names to OPP.WR.Freedom.Convoy.Demonstration@opp.ca.

FB user [REDACTED] was posting live starting at 1:46 am from the intersection of College & Huron Church Rd. There are roughly 40-50 people observed in the video. It is very quiet, there is no music being played, no horns honking and nobody chanting anything. Protestors are standing closer to the tent area of the intersection where the white transports are parked. Nobody is chanting or yelling, there are a few people sitting in lawn chairs, huddled around two sets of 20 lb. propane heaters, and as reported earlier, some are flying the Canadian Flag [REDACTED] indicated there might be some people still at Tecumseh Road based on what he has heard. There is plenty of food and people have been well fed all day. There are no open fires, nor obvious indications of intoxication. Some of the larger vehicles have moved to the opposite side of the intersection (but he doesn't clarify the exact location). Video ended at 2:22 am.

I've spoken to Belinda and she is ok with the below media release with the exception of one change which I've highlighted in red. The change is that she took out "without a warrant".

Message to Demonstrators from Windsor Police Service

The Windsor Police Service wants to make demonstrators clearly aware that it is a criminal offence to obstruct, interrupt or interfere with the lawful use, enjoyment, or operation of property. The offence itself is known as mischief to property.

The unlawful act of blocking streets at and near the Ambassador Bridge is resulting in people being denied the lawful use, enjoyment and operation of their property and causing businesses to close down.

We are providing notice that anyone blocking streets or assisting others in the blocking of streets may be committing a criminal offence and must immediately cease further unlawful activity or you may face charges. You could be arrested if you are a party to the offence or assisting others in the direct or indirect commission in this offence.

Vehicles or other property related to an offence may be seized. Once a vehicle is seized, it may be detained and, following a conviction, possibly forfeited.

Charges and/or convictions related to the unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

On AM800 it has been reported there will be a counter protest on Saturday at 12pm where they will gather in the area of the University of Windsor's St Denis Center on College Avenue. It sounds to be a peaceful protest.

A counter protest is being planned against a protest that has ground traffic to a halt at the Ambassador Bridge.

Organizer [redacted] told AM800's The Dan MacDonald Show that he wants his voice to be heard because he's had enough of it.

"I want these people who are blocking the border to know they don't have everyone's support. Enough is enough," he says.

Around 100 people protesting COVID-19 restrictions, mandates and vaccines have been parked on Huron Church Road in Windsor since Monday, blocking the flow of traffic to and from the Ambassador Bridge.

Holosko says he wants it to be a peaceful protest.

"I want to show the people they don't stand for all of Canada," he says. "They think they do, they're trying to say they're doing it for your freedoms, for my freedoms, for everyone's freedoms. They're not, they're not doing this for anything, in my opinion."

Holosko adds the current protest is not helping him and that he wishes they would just go home.

The counter protest is tentatively planned for 12 p.m. Saturday, with participants gathering in the area of the University of Windsor's St. Denis Centre on College Avenue.

Organizers plan to walk to the area of College Avenue and Huron Church Road, making the counter protest visible to the protest blocking traffic to the bridge.

A Facebook page promoting the event has been created by the organizer.

This is the Facebook event for the counter protest...

The screenshot shows a Facebook event page for "Counter Protest of the Convoy". The page is viewed on a desktop browser. The left sidebar contains navigation links: Home, Your Events, Marketplace, and Profile. The main content area features a large image of a bridge (likely the Astoria-Megler Bridge) with the number "12" indicating the number of attendees. Below the image, the event title "Counter Protest of the Convoy" is displayed, followed by the date "Monday, August 12, 2022". The event description states: "Full protest on the Astoria-Megler Bridge at the same time as the convoy. The bridge will be closed for the day. If you don't have a ticket, you can join the protest for free." The page also shows a list of attendees, including "Ashley Thompson", "Ashley Thompson", "Ashley Thompson", and "Ashley Thompson". The bottom of the page displays the URL "https://www.facebook.com/events/1000000000000000/" and the date "Monday, August 12, 2022".

Border Block Sarnia/Windsor
Good morning everyone,

First of all I'd like to give a huge shoutout to our farmers who have blocked the 402 in Sarnia! We are very proud of you all and appreciate your support in helping Windsor work together to slow the economy down.

I am looking to start coordinating events for both Sarnia and Windsor as there seems to be a lot in organization in all of this. I will be looking after food and supplies being delivered to both the Sarnia and Windsor groups so if you are looking to donate anything please get in contact with me!

I will also be contacting ALL media outlets and doing a press conference LIVE from my personal Facebook page. Here is what I am planning on announcing in a nutshell...

- Both Windsor and Sarnia groups have no intentions of moving at this time
- Our goal is not to dissolve government or let Canada Unity run our country but we simply want all Mandates, restrictions and emergency measures lifted permanently.
- Once all mandates, emergency measures and mandates are lifted we will move our vehicles and let the economy open back up again.

If you have any issues with anything stated in the above paragraphs please contact me on my personal Telegram account.

@chipzworld

Thanks everyone! Stay safe and stay healthy! We will see you all out there as we fight the fight for FREEDOM!!

Information about counter-protest in Windsor for tomorrow.

There was a rumor circulating on the chat regarding an anti-protest group against the trucker movement in Windsor. Some of the users stated that they heard a rumor that this group would attend the protest and damage property (for example, slashing transport truck tires).

[https://www.facebook.com/\[REDACTED\]](https://www.facebook.com/[REDACTED])

Important to know! There will be an ANTI PROTEST group out Saturday! They will try to antagonize, harass and bully, coherce supporters into conflict and into being violent.
The WORLD is watching you!
The Biased NEWS media is watching you!
They will use ANYTHING to discredit the convoy!
Staying PEACEFUL IS PARAMOUNT!
If there is a conflict with antagonists, step back, take out your cameras! Record the truth!
Please stay CALM and peacefull!
If a supporter gets agitated, please remind them. Again take out your cameras as a collective group and calm them.
KILL THEM WITH KINDNESS! 🙏

Troubling news from Windsor.

I am a University of Windsor student and in full support of the protest to end all mandates. Because I am a member of the student body I am on their discord servers. Some University students are organizing a counter protest if the blockade is not removed by the weekend or the 13th. Some say they will be bringing bats and stuff to throw and that they are having success luring ICE from the states as they supposedly have jurisdiction up to 100 km from the border. They are in contact with local authorities and the media. They are on the Zello channels and trying to collect information. They are bragging about getting trusted. If you are on the channels please do not share any personal information!

If you can get to Windsor please get there to show your support! They are going to try to provoke you. Whatever you do stay peaceful and don't yell anything nasty. Please please please stay on your best behaviour. We love you, we are with you. Hold the Line 🤝🤝🤝

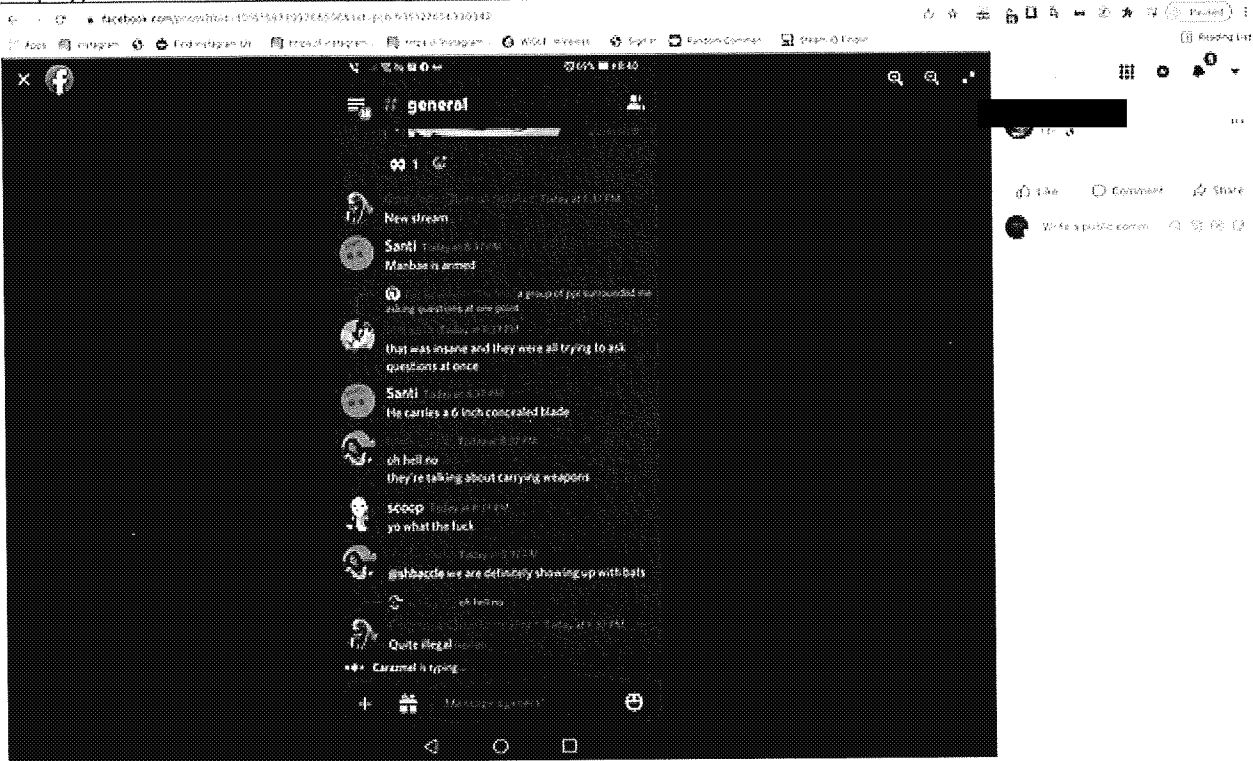

ETA: they are flooding the children's and society with calls about the kids involved. I have now been blocked from the discord server so I'm sorry that's all the information I have

Are you aware of the mutiny forming in the Windsor convoy? They don't have faith in you or the other leaders. They are scrambling to decide what to do, just going to hang them out to dry?

Other Information:

- A caravan from New York City to the Peace Bridge is occurring on 2022-02-11 and 2022-02-12(Figure 3) estimated number known at this time.

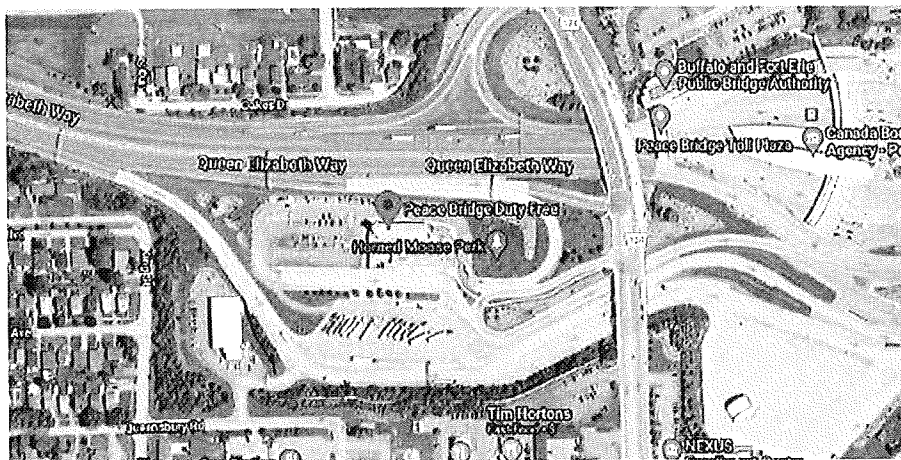

Figure 3 Rainbow Bridge

Information received from USBP Grand Island indicated an event posted online is calling for a caravan from New York City to the Peace Bridge on 2022-02-11 and 2022-02-12 (Figure 3). The estimated number of participants is not known at this time; however, New York State Police will monitor checkpoints to identify the number of participants. It is expected that the convoy will arrived in Buffalo on 2022-02-11 at approximately 2130hrs. Depending on the number of participants, this could impact cross border travel at the Peace Bridge and potential add momentum to the protest at the Niagara area land POE.

All,

Please be advised this intelligence is flowing from partners, officers observations, and uncorroborated open source. This email thread is designed to provide you a situational awareness as quickly as possible. If you already have this information I apologize ahead of time as it is a compilation of all partners intelligence as we receive it.

Observations:

Sarnia:

Sarnia update @ 1800 hours:

No change at the landfill site and at the blockade at Nauvoo Road.

No indication of any protester gatherings in the Sarnia area.

Traffic on westbound 402 approaching the bridge is slow due to higher than normal volume of traffic.

Of note and SENSITIVE: 3 officers successfully infiltrated a group of 20 protesters yesterday.

Conversations overheard would indicate that there is no real leadership and also difference of opinions on how to proceed with a protest. Some wanted to block the bridge while other wanted a rolling block. It appears also there is some in fighting occurring within the Sarnia group.

Okay, thanks.

Hey are all going to Windsor instead of doing the convoy this weekend? I think, I'd rather be in Windsor this weekend because we are all needed down there. What do you guys think?

The riot training by Middlesex opp is nothing new. Elgin County cops were training heavily just a week after the assassination of the man from Cayuga by Toronto police.
